

810 SERIES DENTAL FILM PROCESSORS

810 SERIES DENTAL FILM PROCESSORS

There are over 65,000 AFP-810 automatic processors installed worldwide, spanning over 25 years of high quality film processing. Each of the three processor models share some of the same popular characteristics:

- Time-tested, proven engineering
- Accommodates all film sizes from pediatric to cephalometric
- Modular design provides easy access for cleaning and maintenance
- Superior standard warranty and complimentary customer support

810 Plus-AR

- Fully automatic with built-in chemical replenishment
- Processing parameters controlled automatically

810 Plus

- The same specifications as 810 Plus-AR without built-in chemical replenishment
- Better value than comparable models

810 Basic

- Proven reliability and durability for over 25 years
- Attractively priced
